# Floor Plans

The screenshot shows a real estate listing for a house renovation project. The title is "家賃家賃付賃貸 リネンフル設備" (Rent-included rental with full renovation). The listing includes a small photograph of the building's exterior, a detailed floor plan diagram showing the layout of the rooms, and a table of specifications on the right side. The table lists various details such as the number of bedrooms, bathrooms, and other features. The overall layout is typical of a Japanese real estate website.
